Four-Way Bargello Hardcover â€“ January, 1974 This book could be subtitled, "1001 Bargello Surprises," the author teaches the reader all about bargello as geometrics, undulations, florals, feathers, Celtic knots, waves, ribbons, ropes, circles, and pieces that just seem to grow. There are lots of color pictures with lots of color combinations and suggestions. Cathy's Four-Way Bargello Patterns Page This is a pattern called "Spanish Tiles," a variation on various pinwheel/flower/diamond multiple four-way patterns. Each "tile" (or pinwheel or diamond, whatever) is the center of a four-way pattern that blurs into the next four-way section of the canvas. Four-way Bargello â€“ All about Needlepoint Four-way Bargello takes a basic Bargello line and turns it along the diagonal lines of the area, turning it from a line into a square. An Introduction to Four-way Bargello --- Part I | Cuttings ... The picture below shows a vintage four-way bargello pillow that I made in the 1970's, when I was just learning the technique. Some four-way patterns appear to continue past the edges of the canvas, but I chose to emphasize this one by using a solid color, closely related to the color of the pillow's backing, around it. Bargello (Canvaswork) â€“ Save the Stitches by Nordic Needle Four-way Bargello is created by dividing your canvas up into four segments. Find your center point and then go out diagonally to the four corners. You might be tempted to use a ruler to do this, but you may find your canvas mesh was not entirely square and your stitches will end up in the wrong spots.
